## Seven conferences attended

Clarke, Edwin S.                      Mackay, J. Ross                      Osterkamp, Thomas E.                      Vinson, Ted S.  
Haeberti, Wilfried                      Nelson, Fritz E.                      Péwé, Troy L.†                      Woo, Ming-Ko

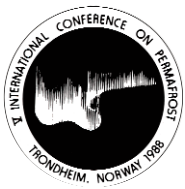

## Six conferences attended

Brown, Celia                      Harris, Charles                      King, Lorenz J.                      Sletten, Ronald S.                      Walters, James C.  
Esch, David C.                      Harris, Stuart A.                      Ladanyi, Branko                      Tart, Rupert Jr.                      Wayne, William J.  
Flaate, Kaare                      Hayley, Donald W.                      Lewkowicz, Antoni G.                      Van Everdingen, R. O.                      Washburn, A. L.†  
Hallet, Bernard                      Hinzman, Larry D.                      Phukan, Arvid                      Vandenbergh, Jef

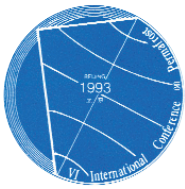

## Five conferences attended

Aguirre-Puente, Jamie                      Burn, Christopher                      Jacobsen, George                      Michel, Frederick A.                      Sego, Dave C.  
Åkerman, Jonas H.                      Dramis, Francesco                      Johnston, G. Henry†                      Outcalt, Samuel I.                      Sellmann, Paul V.  
Arcone, Steven A.                      Harris, Pam                      Kershaw, G. Peter                      Perlshtein, Georgiy Z.                      Tamocai, Charles  
Barry, Roger G.                      Hayley, Dianne                      Koster, Eduard A.                      Péwé, Mary J.†                      Williams, Peter John  
Brewer, Max C.                      Heginbottom, John A.                      Melnikov, Pavel I.†                      Riseborough, Daniel

## Four conferences attended

Akagawa, Satoshi                      Cui, Zhijiu                      Hobson, George D.                      Macinnes, Kaye L.                      Sharkhuu, Natsag  
Andersland, Orlando B.                      Dallimore, Scott                      Hoelzle, Martin                      Marsh, Philip                      Sherman, Richard G.  
Anderson, Duwayne M.†                      Everett, Kaye R.†                      Hopkins, David M.†                      Matsuoka, Norikazu                      Smith, Michael W.  
Are, Felix E.                      Fortier, Richard                      Hunter, James A. M.                      McDougall, Jim C.                      Sone, Toshio  
Black, Robert F.†                      Gilichinsky, David A.                      Jahn, Alfred†                      Melnikov, Evgeniy S.†                      Viereck, Leslie A.†  
Burgess, Margaret                      Goering, Douglas J.                      Jardine, John D.                      Miller, Robert D.                      Vonder-Mühlh, Daniel S.  
Chamberlain, Edwin J.                      Grave, Nikolai A.†                      Kinosita, Seiti†                      Ping, Chien Lu                      Vyalov, Segrey S.†  
Cheng, Guodong                      Guglielmin, Mauro                      Krantz, William B.                      Pollard, Wayne H.                      Yarnak, Edward  
Christensen, Leif                      Heuer, Christopher E.                      Lewellen, Robert                      Romanovskii, Nikolai N.                      Zabolotnik, Stanislav I.  
Collett, Timothy S.                      Heyse, Irene                      Lovell, Charles W.                      Saarelainen, Seppo  
Crory, Frederick E.†                      Hinkel, Kenneth M                      Lunardini, Virgil                      Sayles, Francis H.

## Three conferences attended

Allard, Michel                      Ding, Jingkang                      Humlum, Ole                      McGaw, Richard W.                      Seppälä, Matti  
Alter, Amos J.†                      Dore, Guy                      Instanes, Arne                      Melnikov, Vladimir P.                      Shur, Yuri  
Arenson, Lukas                      Dubicov, Grigory I.                      Jahns, Hans O.                      Miller, Duane L.                      Slaughter, Charles W.  
Assur, Andrew†                      Eisner, Wendy                      Janson, Lars-Eric                      Mobley, Keith F.                      Smith, Robert E.  
Berg, Richard L.                      Etzelmuller, Bernd                      Jessberger, Hans-L.                      Moorman, Brian                      Smith, Sharon L.  
Bradley, P. Gregg                      Frauenfelder, Regula                      Jin, Huijun                      Nixon, J.F.                      Snegirev, Anotoliy M.  
Brown, Roger J. E.†                      French, Jill                      Jorgenson, Torre                      Parker, Walter B.                      Solomon, Steve  
Cames-Pintaux, Anne-Marie                      Fyles, John G.†                      Keller, Felix                      Penner, Edward                      Taylor, Alan E.  
Campbell, Iain                      Gavrilo, Maria K.                      Klene, Anna E.                      Perfect, Edmund                      Thomas, Howard P.  
Carlson, Robert                      Corbunov, Aldar P.                      Klimovsky, Igor V.                      Phillips, Marcia                      Trombotto, Dario  
Carter, David L.                      Grechishchev, Stanislav E.†                      Kokelj, Steve V.                      Pissart, Albert                      Tseeva, Anastasiya  
Chen, Xiaobai                      Gregersen, Odd S.                      Kreig, Raymond A.                      Pollard, Wayne H.                      Ugolini, Fiorenzo  
Christiansen, Hanne H.                      Gryc, George†                      Krzewinski, Thomas G.                      Qiu, Guoqing†                      Urdea, Petru  
Clark, Jack†                      Haas, Wilbur M.                      Lachenbruch, Arthur H.                      Romanovsky, Vladimir E.                      Vitek, John D.  
Corapcioglu, M. Yavuz                      Hall, Kevin                      Langager, Hans-C.                      Rooney, Florence                      Williams, John R.  
Costard, François                      Hanna, Alan J.                      Lehmann, Rainer                      Rooney, James W.                      Xu, Xiaozu  
Crampton, Colin B.                      Harada, Koichiro                      Li, Yusheng S.                      Ryan, William L.                      Yoshikawa, Kenji  
Delaloye, Reynald                      Hardy, Robert M.                      Lobacz, Edward F.†                      Schoen, Lee                      Zhang, Tingjun  
Delisle, Georg                      Hettinger, Loren R.                      Lu, Guowei                      Semenov, Lev P.†                      Zhu, Yuanlin  
Deviatkin, Viktor N.                      Hubberten, Hans W.                      Marchenko, Sergei                      Senneset, Kaare
